

Elsa Arandelle

Keys to Success

1. Have your supplies together ahead of time
2. Make sure your reinforcement language is readily available by using first/then statements
3. Try to provide praise at every step
4. Save the main reinforcer for the end of the activity
5. Watch the full video ahead of time before starting to practice the chain with your child
6. Aim to practice 1-3 times per day.

Elsa Arandelle

Welcome

Blurb about skill. Give details about skill and this survey.

Start

Thank You

Thank you for completing your Brushing Teeth skill survey. You are able to change your survey answers at any time by clicking the settings icon in the upper right hand corner of the page.

Now we would like you to head to the bathroom with your child and go through each step of the chain. We will ask you to signal after each step whether or not your child will be able to master this step in the future.

Next

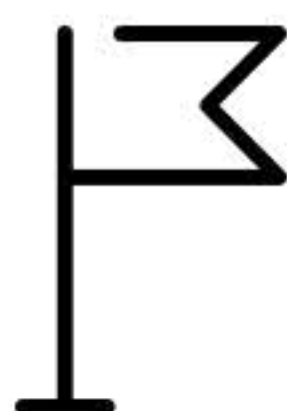

Instructions

Click on the 'raise hand' to indicate that your child is experiencing challenging behavior. (Tap anytime it happens)

Click the 'flag' icon to indicate that prompting need be available throughout the video. (Tap anytime it happens)

We will ask what level of support was needed once you and your child have made it through the entire chain.

Post Chain Survey Setup

Explanation of how this survey sets up the rest of the post chain surveys.

Skill A (5)

Step 1: Get Toothbrush

What level of prompting was needed?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

What type of challenging behavior did you encounter on this step?

☐ Sensory

☐ Motor

☐ I don't know

Were there any barriers on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

What does independence look like for your child on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

☐ I don't know

Step 2: Open Toothpaste

What does independence look like for your child on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

☐ I don't know

Step 3: Get Toothbrush

What level of prompting was needed?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

What does independence look like for your child on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

☐ I don't know

Step 4: Put Toothpaste on Toothbrush

What type of challenging behavior did you encounter on this step?

☐ Sensory

☐ Motor

☐ I don't know

What does independence look like for your child on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

☐ I don't know

Step 5: Close Toothpaste

What does independence look like for your child on this step?

☐ Independent

☐ Verbal

☐ Gesture

☐ Model

☐ Partial Physical

☐ Hand over Hand

☐ I don't know

Step 1 out of 17

Welcome to the Learning Zone!
This is where we practice the steps
that need a little extra practice.
During each practice round we
want you to complete the step 5
times.

Click the tooth each time you finish
a round of practice.
