- **DataVerificationScreen**:
  - Change the "Task completed?" column heading to "Task completed as recommended?"
  - If a step is marked as incomplete, both the PromptLevelAccordion and BehaviorAccordion need to be shown.

- **PromptLevelAccordion**:
  - Remove the "No prompt" option.
  - The default value should be one prompt level more (i.e., worse) than the target prompt level.

- **BehaviorAccordion**:
  - the default value should be "Challenging Behavior"

- **Baseline Assessment / Probe screen:**
  - The default value for "Completed Independently" should be "No".
  - Fix flickering issue on submit that makes it appear that the user's selections are being reset.
